

Conflict of Interest (Col) – Disclosure

To ensure that our congresses are held in the highest esteem, they are exclusively bound to the interests of science and research. The board has decided to ask each presenter to show a conflict of interest slide at the beginning of the lecture, specifying:

1. Honoraria for lectures
2. Honoraria for advisory board activities
3. Participation in clinical trials
4. Research funding

Please indicate also when there is **no** conflict of interest.
